Target Market Determination – Mutual Credit Fund

This Target Market Determination (TMD) sets out the type of consumers for whom our product would likely be consistent with their investment objectives and financial situation. It forms part of Mutual Limited's design and distribution arrangements for the product.

We note that anyone interested in investing in this product should firstly refer to the Product Disclosure Document for the Mutual Credit Fund. The Target Market Determination does not take into account any individuals objectives, financial situation or needs; rather it is a document which outlines details of the investments characteristics and attributes to investors.

Target Market Summary

This product is likely to be appropriate for a consumers seeking capital stability, regular income distributions, low interest rate risk and access to a strategy designed to receive returns in both rising and falling markets. The fund is suitable for a portfolio where the consumer has a medium investment timeframe, low to medium risk/return profile and values access to capital within 5 days.
